

To: Fraser Valley Child Development Centre (FVDC) Families
From: Karen Dickenson Smith, Executive Director
Date: March 11, 2022
Subject: Update on FVDC COVID-19 Response

Dear FVDC Families,

With the lifting of BC's mask requirement in indoor public spaces, we wanted to provide a clarification:

To continue to support you, our clients, and promote health and safety, FVDC will continue its mask policy for staff and clients until further notice. This means continuing to wear masks during sessions and in common spaces. The reason is that many of the children we support do not have the ability to be vaccinated and they are often in a higher health vulnerability. Keeping this measure in place will protect their health and safety.

Should this change in the future, we will be sure to update you.

If you have any questions, concerns, or require more information about service delivery please contact the relevant Service Leader listed below.
