School Aged Speech and Language Therapy Services (Fee for Service)

Helping kids shine!

FVDC SCHOOL-AGED SLP SERVICES

The Fraser Valley Child Development Centre is now providing fee for service Speech and Language Assessment and Therapy for school-aged children. Services are provided by a Registered Speech-Language Pathologist. The Fraser Valley Child Development Centre's Speech and Language services are:

- ★ Available to all school-aged children in the Fraser Valley, although currently offered in our Abbotsford office only;
- ★ Complementary to and coordinated with an established school-based therapy plan, if one is already in place;
- ★ Flexible, with some after school and Summer therapy hours available.

WHAT DOES ASSESSMENT INCLUDE?

We are able to provide a speech and language assessment which is as comprehensive or brief as your child needs. Assessment includes both formal and informal measures and incorporates your observations of your child's communication skills. Assessment always includes documentation of results and may, if you wish, include a follow-up session with consultation and home activities.

WHAT DOES THERAPY LOOK LIKE?

We begin with an evaluation of your child's speech and language development, if one has not already been completed. Goals are then formulated based on your priorities and your child's current strengths and needs. Therapy sessions are designed to actively engage your child in learning. Parents are encouraged to participate in sessions so that learning can be reinforced outside of therapy sessions.

FUNDING OPTIONS AND FEES

Families can access funding from a variety of sources including:

- ★ At Home Program;
- ★ Extended Health;
- ★ Autism Funding (over 6 years old only)
- ★ Community Brain Injury Program
- ★ Private dollars
- ★ Post Adoption Assistance
- ★ Service Clubs (e.g. Variety Club; CKNW Orphan's Fund)

The base fee for the Fraser Valley Child Development Centre school-aged Speech and Language services is \$120 per hour. Pricing packages are available for assessments. Quotes can be provided, if needed. Please contact us for more details.
