The Fraser Valley Child Development Centre (FVDC) cares for the growth, development and learning of children and youth with developmental needs. We understand that no two children or families are the same - each one has different needs, skills, challenges, interests and resources. We walk beside these families on their journey so they are not alone. Proceeds raise at this event will go directly to the children and youth served by FVDC.

 Together we are "Helping Kids Shine". Thank you!
