Centre

ABOUT THE FRASER VALLEY CHILD DEVELOPMENT CENTRE

Since 1982 the Fraser Valley Child Development Centre (FV CDC) has provided services that enhance the quality of life for children with diverse abilities and their families. FV CDC is a registered charity and is governed by a volunteer Board of Directors.

Our approach is to give children the tools for individual success; help families/caregivers better understand their child's growth and development; as well as help to build the communities capacity to welcome and include all children.

FV CDC serves 3,600 children and their families annually throughout the Fraser Valley. Our multidisciplinary team of 100 professionals include Infant Development Consultants, Child Development Consultants, Occupational Therapists, Physical Therapists, Family Support Workers, Speech and Language Pathologists and others whom collaborate with families in developing programs that meet the individual needs of their children through the Upper Fraser Valley region, including Mission, Abbotsford, Chilliwack, Hope and surrounding communities. FV CDC ensures that services are culturally and linguistically accessible through translation, a culturally diverse staff and staff education.

COVID-19 has created additional uncertainty, anxiety and stress for the children, youth and families we serve. Given that the vulnerable children and youth we support have highly complex needs, the shift to staying at home presents unique challenges for these families. FV CDC has rapidly and creatively adapted our services, doing our best to support the very pressing and specialized needs of families in this unprecedented time and we need your support.

Helping Kids Shine

IMPACT

Today's families are more complex, often with single parenting, blended families, financial stressors and increased mental health issues. Having a child with diverse abilities brings unique and complex issues and stressors for families, that can result in caregiver burnout and compassion fatigue.

To meaningfully support families, we offer individual counselling and mental health/wellness groups designed to enhance parents' capacity to cope with stressors, prevent fatigue and burnout, and meet the social, emotional, and developmental needs of their children. You can help us reach more!

We invite you to become a supporter of the 6th Annual Ladies' Helping Kids Shine Charity Golf Classic and help make a difference in the lives of children and families in the Fraser Valley. We are anticipating another well attended day and have a big goal to raise more than 2019 which was \$24,645!

"You can make a difference in the lives of children and families in the Fraser Valley."

HELPING KIDS SHINE CHARITY GOLF CLASSIC
