

# PRE-PRINTING SHAPES

AKA It's okay if your child can't print  
their name before kindergarten

**Pre-printing shapes are the shapes that are  
used to make letters.**

**Children learn to draw these shapes in order - crossing,  
diagonals and corners are challenging!**

**First kids learn to imitate, then copy, before  
drawing them from memory - draw together!**

**KIDS MAY STILL BE LEARNING THE LAST  
SHAPES WHEN THEY ENTER KINDERGARTEN**
